

Remarks

In the Advisory Action dated February 20, 2004, it is indicated that all of the pending claims are allowable upon the deletion of the terms "preventing" and "prevention" from claim 71. Applicants appreciate the Examiner's recognition of patentable subject matter in this case. Although Applicants respectfully disagree with the allegation that the terms "preventing" and "prevention" are not enabled, the terms are deleted, without prejudice, from claim 71 to expedite the allowance of the claims. Applicants reserve the right to pursue the deleted subject matter in one or more divisional, continuation, or continuation-in-part applications. In view of the claim amendments made herein, Applicants respectfully request the allowance of the pending claims.
